Foundation

# PRINCIPAL'S ADDRESS

If we desire a more fraternal world, we need to educate young people "To acknowledge, appreciate and love each person, regardless of physical proximity, regardless of where he or she was born or lives." We are concerned to ensure an integral formation that can be summed up in the knowledge of ourselves, our brothers and sisters, creation and the Transcendent. We need to speak to young people about the truths that give meaning to life.

To achieve this, we at St. Joseph's invite you to become part of a three-day conclave and get the opportunity to debate questions of the aforementioned nature in a variety of events. We proudly continue to hold a conference for delegates of all skill levels and experience, providing opportunities for all students to further their knowledge, develop their critical thinking skills, and improve their public speaking abilities. Our directors will be intimately familiar with the subject matter of their committees and will provide opportunities for all delegates to have their voices heard during the innovative discussions taking place at the Solaris SDG Summit 2023.

God Bless Us All

**-Sr. Ophelia Lobo**

# A WORD FROM OUR FACULTY IN-CHARGES

**Mrs. Ashu Garg**

**Mrs. Satwant Mann**

We live in an increasingly complex world. Recent decades have seen us achieve unprecedented economic growth and make real progress on a number of key development issues. However, these successes have masked major fault lines in our current developmental model. These fault lines are giving rise to a swelling list of environmental and social burdens that pose an increasing threat to our way of life. They are turning the world into a much less viable place. It is with great pleasure that we extend our warmest welcome to the Sustainable Development Goals (SDG) Summit, a transformative gathering dedicated to fostering global collaboration and action towards a sustainable future. As you all embark on this remarkable journey of a visionary framework encompassing 17 interconnected goals, we invite you to be a part of this momentous occasion that will reshape the world for generations to come. Keeping this in mind, let us commit ourselves to the principles of the Sustainable Development Goals, envisioning a world where no one is left behind. We are delighted to welcome you all to join us in this exceptional opportunity for intellectual growth and global awareness. Your participation in the SDG Summit is not only an investment in your personal growth but also a commitment to driving positive change. This Summit serves as a platform for young minds to think and find encouraging innovative solutions and creative approaches to complex issues. Join us at the Model United Nations conference and be a part of shaping a brighter future for our global community. We, the Josephites, eagerly await your presence at this momentous event where together, we will chart a course towards a more sustainable future.
