St. Joseph's Convent School

presents

SOLARIS 2024

Third Edition

18th and 19th October 2024

Organised by:

St. Joseph's Convent School

PRINCIPAL'S ADDRESS

Students of present era need a platform to develop the skills such as teamwork, expository, perseverance, patience, persuasive writing, debating, understanding the problem, problem solving and negotiating for personal development and future success. Solaris is an excellent platform designed for it by the students of St Joseph's Convent School, Bathinda, closely monitored by the experienced faculty members and mentors.

This will allow the younger generations to understand the importance of diplomacy and cooperation and encourage people to speak up in order to save the planet and to voice their opinions about problems that are around them. They will learn how to identify the key components of a topic, determine factors to be kept in mind while deciding on the solution, and putting it all together to come up with a final resolution that satisfies all those who are concerned with it.

I wish best of everything to the students and faculty members.
With all good wishes.

-Sr. Ophelia Lobo

A WORD FROM OUR FACULTY IN-CHARGES

Mrs. Ashu Garg & Mrs. Satwant Mann

We live in an increasingly complex world. Recent decades have seen us achieve unprecedented economic growth and make real progress on a number of key development issues. However, these successes have masked major fault lines in our current developmental model. These fault lines are giving rise to a swelling list of environmental and social burdens that pose an increasing threat to our way of life. They are turning the world into a much less viable place. It is with great pleasure that we extend our warmest welcome to the third edition of SOLARIS, a transformative gathering dedicated to fostering global collaboration and action towards a sustainable future. As you all embark on this remarkable journey of a visionary framework encompassing global problems, we invite you to be a part of this momentous occasion that will reshape the world for generations to come. We are delighted to welcome you all to join us in this exceptional opportunity for intellectual growth and global awareness. Your participation in SOLARIS is not only an investment in your personal growth but also a commitment to driving positive change. This event serves as a platform for young minds to think and find solutions to global problems under the guidance of an excellent executive board. This year we are organising a Moot Court and simulating 6 committees. We are eager to host you!

MUN COMMITTEES

UNICEF [CLASS VI - VIII]

AGENDA: Discussing ways to reduce discrimination against children with disabilities with special emphasis on inclusivity in education
