FROM THE PRINCIPAL'S DESK

Dear Parents, Students, Teachers and Well-Wishers. My heart fills with immense pride, gratitude, and a deep sense of fulfilment as I connect to each one of you through this platform of periodical pulse and ink.

Journey of a school is a wonderful tapestry of academic pursuits, cultural celebrations, scientific explorations, literary expressions, sporting achievements and socially meaningful activities.

At St Joseph's, our students discover that education is not confined to the four walls of a classroom; it is equally about teamwork, leadership, resilience, empathy, and the

courage to try something new. Beyond the trophies won and the milestones achieved, what touches my heart the most is the transformation I witness in our children with each passing session. It is the shy student who finds the courage to speak on the stage, the hesitant learner who begins to believe in their abilities, the young artist who discovers a voice through creativity and the compassionate child who extends a helping hand to a friend. These seemingly small moments are, in truth, our greatest achievements. They remind us that the real purpose of education is not simply to prepare children for examinations, but to prepare them for life.

I extend my heartfelt appreciation to our dedicated teachers whose commitment goes far beyond the call of duty. They are the mentors, the guides, the motivators and the silent architects of young dreams.

To our dear parents, thank you for your continued trust, encouragement and partnership. The beautiful journey of education becomes stronger when home and school walk hand in hand, sharing a common vision for the growth and happiness of every child.

As we turn the pages of this magazine, let us celebrate not only what we have accomplished, but also the countless lessons, experiences, and relationships that have enriched us along the way. May these memories inspire us to aim higher, serve better, and continue creating an environment where every child feels valued, every talent finds encouragement, and every dream receives the opportunity to grow.

With immense gratitude to the Almighty for His blessings and with renewed faith in the promise of our young learners, I look forward to many more achievements by our young Josephites. May our school continue to illuminate minds, nurture hearts, and shape responsible citizens who carry the light of knowledge and the warmth of humanity wherever they go.

With love, pride, and best wishes

VICE PRINCIPAL'S MESSAGE

"Education is not about filling a mind with knowledge, but about touching a heart, awakening a dream and inspiring a life."

Every journey becomes special because of the people who walk alongside us, the experiences that shape us, and the little moments that leave a lasting impression on our hearts.

It is with immense joy and gratitude that I reflect on the journey of St Joseph's Convent School, Bathinda, from July to September. Being a part of this wonderful school community has been a meaningful experience, filled with opportunities to witness the enthusiasm of our students, the dedication of our teachers and the beautiful spirit of togetherness that makes our school special.

As Vice Principal, one of my greatest joys is seeing our children discover their strengths, overcome their hesitations, express their creativity and grow in confidence. Behind every activity and celebration lies a valuable lesson, a new experience and a memory that contributes to shaping their future. These moments remind me that education is not merely about academic achievement; it is about nurturing good hearts, building character and helping every child realise their unique potential.

I am deeply grateful to our respected Principal for her guidance, our teachers for the love and commitment they bring to their work, our students for the joy and energy they share, and our parents for their trust and support. Each one has an important place in this shared journey, and together we make our school a place where children are encouraged to dream, learn and flourish.

As I look ahead, I carry with me a heart full of hope and gratitude. I look forward to learning, growing and celebrating many more milestones with this wonderful community. May we continue to inspire one another, find joy in the little things and make every opportunity count in the lives of our children.

May the pages of Prism preserve not just a record of our activities, but the spirit, smiles, efforts and aspirations that make these moments truly memorable.

Sr Cynthia Lasrado
Vice Principal
